Conditions for receiving euro bonuses**" of "Participation Agreement for the Affiliate bonus – marketing program"

#### **Payments after leaving of tiers**

When a tier is fulfilled every Participant receives euro bonuses to reinvest in the next tier.

Thus:

- Orders of Curators advance to the next tier on which the amount of euro bonuses several times exceeds the sum of initial investments.
- Orders of Potential Partners advance to the next tier and a Partner receives income with zero investment.
- Partners receive 16.330 euro bonuses only after passing the first range of business tiers.

Every participant can leave the program at any time and withdraw his/ her initial payments<sup>10</sup>.

Reinvestment occurs in the following conditions:

As an order from the top level of a **Platinum tier** advances to the first level of a **Platinum tier** of the leader the Partner receives **8.500** euro bonuses: **5.500** euro bonuses go to a personal account and **3.000** euro bonuses can be used as reinvestment in the first level of a **Platinum tier** of the leader.

---

<sup>10</sup>Except Partners from Labor Exchange.

## **Leadership program.**

The Partner under a registration number of whom 7 directly invited Partners (physical units) were registered can participate in the Leadership program. Leadership program starts when the eighth invited Partner pays for his/her order. Leadership program runs in parallel with the program aiming at filling tiers, and functions independently.

Bonus compensation within the leadership program is awarded when orders of invited Partners are placed on the first level of a tier.<sup>11</sup>.

## **Bonus compensation.**

Leaders who participate in leadership program receive bonus compensation every time when a new order is placed on any type of business tiers and when invitees reinvest in the first level of a tier.

Position and bonus compensation within the leadership program depend solely on the volume achieved by leaders and their Partners, i.e. on results, which are estimated in standard units of career growth.

For one order placed on the first level of a **Silver tier**, leaders who have participated in leadership program get 1 standard unit.

For one order placed on the first level of a **Gold tier**, leaders who have participated in leadership program get 2 standard units.

For one order placed on the first level of a **Platinum tier**, leaders who have participated in leadership program get 3 standard units.

When invitees reinvest in the first level of a **Silver tier**, leaders who have participated in leadership program get 1 standard unit.

When invitees reinvest in the first level of a **Gold tier**, leaders who have participated in leadership program get 2 standard units.

When invitees reinvest in the first level of a **Platinum tier**, leaders who have participated in leadership program get 3 standard units.

In this case:

- Curator – leadership program participant receives a reward not only for his invitations but also an invitation to Potential Partners and Partners invited by Partners from the Labor Exchange
- Potential Partner could become the leadership program participant and receive commissions from their product sales.

---

<sup>11</sup> After the button “Reinvestment” is unchecked while an order is leaving a business – tier, the Partner’s personal account doesn’t receive Bonus compensation.
